DETAILED ACTION

Response to Amendment

1. This office action is in response to Amendment filed on 6/1/04.

Claims 1 – 9 are presented for examination.

Allowable Subject Matter

2. Claims 1 – 9 are allowed.
3. The following is an examiner's statement of reasons for allowance: the record of prior art does not show a control system for a vehicle having a controller which functions to determine a running condition of the vehicle, compute a target motor power, which is a target value of the power of the motor, based on the vehicle running condition, compute an available battery output from the battery to the motor based on the target motor power, the available battery output being an outputtable power by the battery which varies according to a voltage applied to the motor, compute a target generated power, which is a target value of the power generated by the generating device, based on the available battery output and the target motor power, and control the generating device based on the target generated power.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
